Research Council On Mathematics Learning

January 10, 2025

Dear Thomas,

We at the Research Council on Mathematics Learning (RCML) want to express our sincere gratitude for your invaluable contribution to the 52nd Annual Meeting Proceedings. Your willingness to donate your time and expertise as a reviewer was essential to ensuring the high quality of our publication.

Each manuscript received blind reviews from at least two reviewers, and your insightful feedback proved to be incredibly helpful to the authors. Your contributions directly strengthened the proceedings and their impact on the mathematics education community.

We hope you enjoyed reviewing manuscripts and would consider serving in this capacity again for next year's meeting. We also encourage you to submit your own research for consideration in the 2026 RCML Proceedings.

Thank you once again for your dedication to the RCML and the advancement of mathematics education.

Sincerely,

Ann Wheeler and Pavneet Kaur Bharaj
Co-Editors, Proceedings for the 52nd Annual Meeting of the RCML
